## April 2025

### Earth Day Every Day

Earth Day is observed every year on April 22, motivating people to take part in protecting the planet. There are many ways you can help the environment on Earth Day and every day, and they offer additional benefits for you as well.

Need to stop at the supermarket, pharmacy and ATM? Combine these errands in one trip, and plan your route so you don't have to backtrack. *Perks:* If taking your own vehicle, you'll save money on gas and reduce fuel emissions.

Take reusable bags with you when you go shopping, carry a refillable water bottle instead of buying bottled water, and bring your own travel mug to coffee shops and convenience stores. *Perks:* Many businesses offer discounts to customers who bring their own bags and drink containers. Saving a few cents on every purchase can add up quickly!

Leaving the water running for just a minute can send 3 gallons of water down the drain, so turn the faucet off while brushing your teeth or shaving. Try to trim a few minutes off your shower time. *Perks:* In addition to saving hot water for the rest of the people in your household, you will be contributing to water conservation in your community.

When you can, reduce your carbon footprint by walking or cycling to your destination. *Perks:* You'll get exercise and fresh air, which benefits both your physical and mental health.

## "This Month In History"

### APRIL

**1902:** Tally's Electric Theater in Los Angeles opens. It was the first theater in the U.S. to be built with the sole purpose to show movies, not stage shows.

**1917:** The United States formally enters World War I, marking a turning point in the conflict that had been ongoing for nearly three years. The Great War ended just over a year and a half later.

**1923:** Yankee Stadium in New York City hosts its first baseball game. The Yankees defeated the Red Sox 4-1.

**1938:** Bugs Bunny makes his first cartoon appearance in "Porky's Hare Hunt."

**1954:** The United States Air Force Academy is established just north of Colorado Springs, Colo. Cadets attend the academy to receive military training for either the Air Force or Space Force.

**1969:** The first temporary artificial heart is used to successfully sustain a patient for 65 hours while waiting for a human heart to become available.

**1977:** Fifteen women in the House of Representatives hold the first Women's Caucus meeting. The bipartisan organization is now known as the Congressional Caucus for Women's Issues.

**1997:** At age 21, golfer Tiger Woods takes the title of Masters champion, becoming the tournament's youngest winner—a record he still holds today.

**2004:** Google launches the free email service Gmail. Since the announcement was made on April Fools' Day, the public was skeptical of its authenticity. Today, Gmail is actively used by 1.8 billion people around the globe.
